JERSEY BOYS is the behind-the-music story of **Frankie Valli and The Four Seasons**. They were just four guys from Jersey, until they sang their very first note. They had a sound nobody had ever heard... and the radio just couldn't get enough of. But while their harmonies were perfect on stage, off stage it was a very different story – a story that has made them an international sensation all over again. The show features all their hits including "Sherry," "Big Girls Don't Cry," "Oh What A Night," "Walk Like A Man," "Can't Take My Eyes Off You" and "Working My Way Back To You."

JERSEY BOYS opened in New York on November 6, 2005 and by the time it closed over 11 years later on January 15, 2017, it was the 12th longest running show in Broadway history, passing such original Broadway productions as *42nd Street*, *Grease*, *Fiddler on the Roof*, and *The Producers*. The **JERSEY BOYS** US National Tour opened to rave reviews in San Francisco on December 1, 2006 and is still breaking house records in cities across North America. **JERSEY BOYS** worldwide has been seen by over 25 million people (as of January 2018).
